June 23rd to August 16th

New Family Weeks!
June 23rd to 28th
August 11th to 16th

Extreme Sports Camp offers a fun, rewarding and challenging overnight sports camp that provides the opportunities and support for children and adults on the autism spectrum to progress in active sports. Our staff is experienced in working with individuals across the spectrum and at any level of athletic ability. We know that people with autism can succeed at recreational sports – they just need the chance and the appropriate instructional approach.

New Adult Summer Work Program!

Adults on the spectrum are not just larger children. They have their own set of needs and preferences. ESC has developed a program to acknowledge these differences, establishing peer-to-peer relationships and tailoring individual experiences to help participants acquire employment skills. Adults may choose to do the sports program only or a combination of the work & sports program. The Adult Programs are separate from the children's program, but still enjoy the same activities on a different schedule.
